FIG. 3

Docket No. 122-2A

The diagram illustrates a mechanical assembly, possibly a door latch or lock mechanism. It features a rectangular housing (10) with a horizontal bar (12) and a vertical bar (14). A handle (34) is attached to the vertical bar. A locking mechanism (70) is shown at the bottom right, with a handle (76) and a locking pin (74). The diagram includes various numbered labels (10, 12, 14, 34, 70, 72, 74, 76, 78, 80) and arrows indicating movement and components.
